The Embedded Industry Visits Hamm

Embedded in Westphalia

Exhibition, Presentations and Networking in Familiar Atmosphere

On the occasion of the 50th anniversary of EKF Elektronik, we present the latest products of well-known embedded manufacturers and interesting presentations at our in-house exhibition. The compact format also invites in-depth discussions, which are hardly possible in the stress of a large event.

Visit us at the **Glass Elephant at Maxipark**, the local landmark in Hamm, and experience an informative day in the circle of our embedded family.

Catering will be provided. Admission to the Maxipark is free for you and your family.

Presentations:

Attendance at the technical presentations is possible on both days, in the mornings from 9:30 - 12:30 and in the afternoons from 1:30 to 4:30.

Participation per slot is limited. Further information on the exact topics of the presentations will follow.

Registration:

Participation in the exhibition is free of charge, but registration is mandatory.

Please register for participation at hausmesse@ekf.de, indicating your approximate time of arrival.

Exhibitors:

AUpdate card solutions

Your Supplier for Industrial Flash and DRAM

Ci4Rail

Computing Intelligence for Rail and Public Transport

Dolphin Interconnect

PCIe - The world's fastest network

Elma Electronic

Everything from the first screw to an application-ready embedded computing system

EKF Elektronik

Modular Industrial Computing Solutions

esd electronics

Your partner for industrial electronics development

Hilscher

Your Experts for Real-Time Ethernet and Fieldbus Technology

Schroff

Connecting and Protecting Electronic Components

TEWS TECHNOLOGIES

The Embedded I/O Company
